Dentist,

Office: Union Street, next door to Postoffice.

and Whiskey Habits cured at home without pain. Book of particulars sent FREE. B. M. WOOLLEY, M.D., Atlanta, Ga. Office 104 1/2 Whitehall St.

NO BATTLE YET.

The Bloody Indian War May Be Avoided.

STARTLING RUMOR DENIED.

Most of the Unruly Indians Come Into the Agency—The Dance Still Goes On and Extending to Various Other Tribes—Latest From the Frontier.

CHICAGO, Nov. 28.—Gen. Miles was seen last night with reference to the dispatches from Missoula, Mont., stating that a battle had occurred between the United States troops and northern Cheyenne Indians near Fort Keogh.

"I have not had any official advice concerning this reported conflict," said the general, "and in the absence of official information I am not inclined to believe the story. Gen. Miles has received a telegram from Gen. Brooke in which he says, 'The Indian chief Little Wound, came into Pine Ridge agency yesterday, and every hour seems to lessen the strength of the disaffected Indians. Short Bull, of the Rosebud agency has also come into the agency and his people, about 500 lodges numbering nearly 2,500 Indians are reported as also coming toward the agency. I consider Short Bull one of the worst and most treacherous chiefs in the northwest. I have now a strong command and am ready for summary action at a moment's notice.'"

A letter was received by Gen. Miles from Judge E. C. Rice, of Mandan, saying: "I desire to address the head of the government in regard to the danger we are in here from the Indians. The government sends out men to investigate; they see no Indians, and go away thinking there is no danger, while old Indian scouts and men who have lived among the Indians and can talk with them, say there is danger. In behalf of the people and myself, we ask that something be done, that troops may be sent in sufficient numbers to protect us until this craze has passed away."

Gen. Miles will leave for Washington to-day to be absent no longer than three or four days.

Navajo Indians Not in It.

DENVER, Nov. 28.—A Durango special says: "A band of Navajo Indians were here yesterday from their reservation in the southern part of the state. While they say they are not in it they show from their actions they are greatly excited over the reports from Dakota, and it will take but little to induce them to join the Sioux. They would talk but little, and claimed to have some communication from the north. Their theory is that the Messiah over whom the Pine Ridge and Rosebud agencies is so excited is none other than Isidore Cohen, who was known throughout southern Colorado as 'Nosey' Cohen, a leader well acquainted with their tongues and customs. Many of the southern Utes talk of the craze with little interest, and seem to wish that all reports were true that the good spirit would come to them, as to the Sioux, and restore the old days of flint arrows and game."

Buffalo Bill to the Rescue.

MINNEAPOLIS, Nov. 28.—A Bismarck, N. Dak., special to The Tribune says: Buffalo Bill arrived yesterday afternoon accompanied by his old pard, Frank Powell, known as 'White Beaver,' and Haslan, known as 'Pony Bob,' who once rode 108 miles in eight hours and ten minutes. Special conveyances with relays were engaged to take the trio to Standing Rock agency. Buffalo Bill has a commission from Gen. Miles which is believed to be the most important of any issued since Sitting Bull's surrender. The party will go direct to Sitting Bull's camp on the Grand river. It will be remembered that Sitting Bull did not come in on Saturday, regular ration day, but sent word to Agent McLaughlin that his child was sick. It is believed that Buffalo Bill is sent out to get at the bottom of the Messiah craze with almost unlimited authority to act. This is Buffalo Bill's first visit to this section since the Custer massacre.

Thought to Be a Canard.

ST. PAUL, Nov. 28.—At the headquarters of the department of Dakota, no news of the reported battle with Indians near Fort Keogh has been received here, and it is not thought that there is any truth in the report. Lieut. Woodruff stated to the United Press reporter that the Cheyenne Indians, near Fort Keogh, are all friendly and have asked for permission to fight against the Sioux in case the latter should go on the warpath. Most of the Cheyenne Indians in the neighborhood of Fort Keogh have been enlisted in the service of the government. Lieut. Woodruff says if there had been a fight yesterday the department here would have been advised of it before this time.

No Outbreak Feared.

PINE RIDGE, S. Dak., Nov. 28.—Unless the Indians are frightened or driven into a fight during the next week there is every probability that the Indian troubles on Pine Ridge agency will be settled without difficulty. The authorities are reticent about their plans, but there can be little doubt that an effort will be made to disarm the Pine Ridge Indians, if not the whole Sioux nation. This effort will include Pine Ridge, Rosebud, Cheyenne river and Standing Rock. In connection with this Red Cloud, No Water, Jack Red Cloud and Big Road are in some danger of arrest.

Dance Craze Spreading.

WICHITA, Kan., Nov. 28.—The excitement over the Messiah craze and the ghost dances among the Apaches, Cheyennes, Caddoes and Berces has spread among the Apaches and Kiowas, and are all greatly excited dancing more earnestly than ever before. Chief Quannah, of the Apaches, was converted Wednesday night, and his influence reaches out beyond his own people.

Some of the Indians are cutting their flesh and showing an increase of warlike spirit. Some of the more enthusiastic reached the vicinity of St. Reno yesterday and rode around in a warlike manner.

White Mountain Indians Growing Restless.

TUCSON, Ariz., Nov. 27.—Authenticated rumors have reached this city that the Indians of the White Mountain reservation are growing restless and officers of the agency are apprehensive. Medicine men are endeavoring to work up excitement by starting religious dances. Recently Lieut. Johnson arrested a few of the most turbulent ones. The informant believes emissaries from the Sioux are endeavoring to foment trouble.

PROSPERITY CHECKED.

Corning, New York, Undergoing a Little Panic of Its Own.

HORNELLVILLE, N. Y., Nov. 28.—The little city of Corning is undergoing its first panic, and it bids fair to be a crusher to its present prosperity. The panic began last week when F. H. Alorton & Company were forced to the wall. With them went down some of the strongest men in town.

First, on Monday morning, the large grocery house of Welton Warner, on East Market street, was closed. His liabilities greatly exceed his assets, but it is thought that the business may be settled at fifty cents on the dollar.

Wednesday morning found two more houses closed—the Long Kong Tea company, a local concern which did a heavy business, and B. E. Cowley, a grocer who failed for a comparatively small amount.

The utmost excitement prevails and other failures are expected. Two of the largest firms are badly pinched, and in case either goes under it will be followed by the other and a host of smaller houses.

FOUR PEOPLE KILLED.

Poles, Italians, Indians and Negroes Indulge in Labor Riot.

BALTIMORE, Nov. 28.—Joseph Dynoski and William Zwinski, who left here three weeks ago with seventy-five other laborers for the Aspley River Phosphate company's guano deposits, near Charleston, S. C., have returned and tell of a riot which occurred there a week ago yesterday, in which Emil Klein and three Poles, who were in his gang were killed. Klein, who was a saloon keeper of this city, was in charge of the seventy-five men and promised them good wages.

The Poles, Italians, Indians and negroes, who are the only inhabitants of these guano deposits, excepting the white bosses, became dissatisfied with their pay, which was much less than had been promised, and demanded better treatment. Klein tried to quiet the belligerents but was unsuccessful. The negroes then opened fire on Klein and some other whites. Klein fled, but was overtaken and shot dead. Dynoski says that three other men were killed in the melee.

ROBBED A HOTEL BAR

After Threatening the Barkeeper With a Revolver.

COLUMBUS, Ind., Nov. 28.—One of the most daring robberies that ever took place in southern Indiana occurred here Wednesday. Shortly after 8 a. m., a stout and well-dressed young man apparently 25 years of age, walked into the Bissel hotel bar, and called for a glass of beer, which was furnished him. He then went into the office, and warning his bar, started at a rapid rate to leave the room through the back door.

The bartender having passed into the office, on hearing some money rattle, he rushed into the bar room, and found the thief, who pulled a revolver, and demanded that he throw up his hands, which he did. The thief then walked out of the back door and fled. He was arrested an hour later and the money taken away from him. He gave his name as J. Howard, and his home as St. Louis, Mo. In default of \$500 bond he is now in jail. He had stolen about \$140.

Grand Stand Falls.

BROOKLYN, Nov. 28.—Shortly before noon yesterday one of the stands erected for the accommodation of spectators at the Yale-Princeton football match at Eastern park fell. The stand was filled with people at the time. No one was killed, which was nothing more than a miracle. Five women were seriously hurt, and about fifty others received bruises. Ambulances carried three to a hospital. A room under the grand stand was turned into a temporary hospital, where the injured were taken and attended by doctors, who happened to be on the grounds, assisted by surgeons from the hospitals.

Erie Troubles Settled.

NEW YORK, Nov. 28.—The trouble between the Erie railroad company and its employees has been satisfactorily settled. A committee representing the fireman had a conference with General Manager Thomas, and a settlement was made with them on the same basis as that made with the engineers and trainmen. Everybody interested seems to be satisfied with the result.

A Witness Poisoned.

GUTHRIE, O. T., Nov. 28.—Another tragedy in the notorious McPeel-West land claim affair has occurred. May Bailey, a witness in the case, was to have testified Wednesday, but on Tuesday night she died in great agony from the effects of arsenic poisoning. McPeel is suspected and it is likely that he will be lynched.

Boy and Building Blown Up.

WHEELING, W. Va., Nov. 28.—At Winfield coal mines, near Charleston, yesterday, a small boy, name unknown, set some kegs of powder afire in his father's house, blowing up the building. The boy was killed, and other members of the family were badly mangled.

WILL HE STEP OUT?

That is the Question of the Irish Liberals.

REFERRING TO THEIR LEADER.

No Hope for the Nationalist Party Unless Parnell Withdraws From the Leadership—Advice From Mr. Labourchere and Michael Davitt—Other Foreign News.

LONDON, Nov. 28.—Numerous Scotch and English Liberal societies have adopted resolutions condemning Mr. Parnell, and declaring that they will not consent to any further political co-operation with him. It is expected that Mr. Parnell will announce his final determination in regard to retaining the leadership as soon as he hears from Mr. O'Brien in response to the cabled inquiry for his advice.

Mr. Labourchere writes Mr. Parnell urging him to withdraw, and says his leadership means another six years of Balfour and coercion, while his withdrawal means a parliament at Dublin within two years at the latest.

Mr. Michael Davitt's paper, The Labor World in its issue of to-morrow will publish an appeal to the Irish race at home and abroad in which Mr. Davitt implores them to arise and show themselves equal to the present emergency. He says there is no hope if Parnell remains as the leader of the Nationalist party that Ireland's cause will be saved. He declares that the Irish party contains more than one man capable of leading it to victory and that there is sufficient patriotism therein to follow a leader chosen from its own ranks by a majority of its members. Nevertheless, Mr. Davitt asserts that whatever decision is taken at the Monday's adjourned meeting of the Nationalists, the Irish cause is imperishable. He requests his countrymen to pray God that wisdom and courage will guide those upon whom Ireland's hopes are centered.

Berlin Full of Consumptives.

BERLIN, Nov. 28.—There is considerable distress among the patients who have flocked to this city in the hope of being treated by Dr. Koch's new method. Most of these unfortunates are very poor, and many of them have spent their last penny in this desperate attempt to secure a renewed lease of life. Pitifully enough, too, most of those who come to Berlin at such cost and risk are consumptives, though the warning has been given in every newspaper of Europe and America that the Koch process is of very doubtful efficacy in the treatment of tuberculosis of the lungs, if the disease has obtained a secure foothold.

Further Fighting Feared.

LONDON, Nov. 28.—The government at Lisbon is much perplexed over the information that 2,300 Portuguese residents, who have volunteered in Rio Janeiro to fight for Portugal in the event of war with England, are soon to arrive in Lisbon. It is feared that their arrival will kindle popular excitement and increase the bitterness of the feeling against the English, which the government has been in every way endeavoring to assuage.

Happy Belgians.

BRUSSELS, Nov. 28.—The Belgian premier has introduced a bill extending the franchise. This action is a complete surprise. The Radicals are highly elated. The workingmen, who had threatened to strike in order to emphasize their demand for universal suffrage, have decided to remain at work. There is great rejoicing in Brussels and the other large cities, the streets being crowded with people celebrating the important event.

Protest Against Free Trade.

LONDON, Nov. 28.—A Vienna dispatch says that a strong protest has been presented, signed by all manufacturers in textile fabrics, glass, iron and paper, against free trade with Germany, which the manufacturers claim would be utterly ruinous. Germany having already supplanted Austrian trade in Greece, Roumania and Servia.

To Prevent Strikes.

LONDON, Nov. 28.—From Melbourne comes the news that all the Australian colonies have agreed to a conference, as suggested by Premier Munro, of Victoria, to prevent the recurrence of strikes. The families of the leading strikers, who have been unable to obtain work, are supported by contributions from England.

No Panic in Brazil.

LONDON, Nov. 28.—Later advices from Buenos Ayres represent that the rise in gold is largely artificial, and based upon the manipulations of speculators. President Pellegrini has declared that the credit of the government will be maintained at any cost, and the circulating of the reports will be punished.

Perished from Cold.

LONDON, Nov. 28.—Advices received at Vienna of the disasters in Bavaria show that twenty persons are known to have perished from cold and starvation in the Saale valley alone.

Severe Gales in Norway.

LONDON, Nov. 28.—Terrific gales are raging on the northwest coast of Norway. Forty-six fishermen have been drowned by the wrecking of their vessels.

Destroyed Dry Goods.

ST. PAUL, Minn., Nov. 28.—A fire which started in the Powers Dry Goods company's building at the corner of Fourth and Sibley streets yesterday afternoon caused \$150,000 damage to that firm before it was extinguished. The loss is fully covered by insurance. The cause of the fire is unknown.

THE BUDENSIECK HORROR.

It Came Very Near Being Repeated on Wright Street in Chicago.

CHICAGO, Nov. 28.—The large five story brick building in process of erection at 87 and 89 Wright street, belonging to Alderman Martin, began settling yesterday morning. Shortly after 11 o'clock a part of the east wall came down, demolishing No. 85 Wright street, a two story frame occupied by Jeremiah Shehan. At 10 o'clock last night the remaining walls toppled and fell on the adjoining buildings, completely demolishing them.

No. 83 was a two-story and basement frame house owned by Thomas Stoboo. Several families lived here, in all twenty people, twelve of whom were children. Mrs. Michael Dufalex owned and occupied No. 81, and barely escaped with her five children as the walls of the big structure crushed her home beneath their weight.

These three houses were completely ground to pieces, and not a vestige of them could be seen in the great mass of ruins.

A brick cottage owned by a man named Gruber, at 70 Wright street, had the roof demolished and a two-story frame house at 77 was badly shattered.

A cottage on Barber street, in the rear of the falling building, was completely demolished. To add to the total destruction of the dwellings mentioned, the piles of debris caught fire from an overturned stove. It required two hours' hard work before the firemen succeeded in extinguishing the flames. All the occupants of the demolished buildings escaped uninjured.

The homeless families were cared for by neighbors. Not one of them saved a dollar from the wreck, and the aggregate loss is estimated at \$35,000, added to which is the cost of the Martin building, which will swell the figures to \$75,000.

STRANGE INFATUATION.

A Sunday School Teacher in New York City Marries a Chinaman.

NEW YORK, Nov. 28.—Miss Lillian Roundey, of 27 Rutgers street, was married yesterday afternoon in the Calvary Baptist church in West Fifty-Seventh street, to Young Shing, a Chinaman, who has been in her Sunday school class. Only a few intimate friends of the bride and groom witnessed the ceremony. Although there has been considerable gossip about Miss Roundey's friendship for the Chinaman, her friends were very much surprised when she announced a short time ago that she intended to marry Mr. Shing. Every precaution was taken to keep the marriage quiet.

Miss Roundey is not yet 40 years old. She is tall and very slight, her hair is brown, and she wears eye glasses. She has been greatly interested in the work of foreign missions. She also taught a Chinese class at the Mariners' Temple in Oliver street. Miss Roundey is said to have some money, and she was able to devote a good deal of time to missionary work among the local heathen.

DEATH IN NEW ORLEANS.

Two Suicides and a Death in a Hospital From a Bullet Wound.

NEW ORLEANS, Nov. 28.—Ulien McCabe, 72 years old, hanged himself yesterday morning to a willow tree with a grape vine.

Leonard Bradley, a colored man, died at the hospital yesterday from a wound received last Saturday on Perkins plantation, Assumption parish. Bradley had two married wives, one on the plantation and the other at Birmingham, Ala. He threatened to murder Clara, the wife living on the plantation, and was ordered off the plantation by Overseer Rousseau. On his refusing to leave, Rousseau shot him.

An unknown woman about 45 years old, dressed in black, jumped in the river yesterday. When taken out she was unconscious and expired on the way to the hospital.

Farmers' Alliance Platform.

HARRISBURG, Pa., Nov. 28.—Resolutions passed by the State Farmers' Alliance demand a revision of the tax laws in the interest of equality; free coinage of silver; declare against all kinds of trusts and combinations; against the holding of large tracts of land by foreign owners; favors a secret ballot and a constitutional convention to secure the same; demand equal and exact justice to all; the election of United States senators by direct vote of the people, and favor co-operation with industrial classes to secure needed reforms.

Championship Foot Ball.

NEW YORK, Nov. 28.—The championship foot ball game between Princeton and Yale which was contested on the Eastern park grounds yesterday, was won by Yale by a score of 32 to 0. The game was witnessed by 27,000 persons, who manifested their enthusiasm in every conceivable manner. The crowd came from every part of New York state, from the interior of many surrounding states, and from all over the United States.

Fight Between Cowboys and Mexicans.

DENVER, Nov. 28.—A Las Vegas special says the fight at Antone-Chico Monday night between cowboys and Mexicans resulted in but one death. Bill Devine, a cowboy from Salado, being shot and instantly killed by two of the Mexicans. The murderers have been arrested. The fight arose through the refusal of the Americans to allow the Mexicans to drink in a saloon in which the cowboys had congregated.

The Craze Reaches Oklahoma.

OKLAHOMA CITY, Nov. 28.—The Messiah craze has reached Oklahoma and troops stationed here are expecting orders to be sent to the seat of war. Capt. Stiles, the commander here, has received orders to march at a moment's notice. His order also applies to the troops stationed at Elkins, King Fisher and Guthrie.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

FRIDAY, NOVEMBER 28, 1890.

Not Correct.

There be those who complain of high taxes here, but a comparison with our surrounding towns and cities shows us very favorably for us. Carlisle pays this year for State, county, municipal and school purposes \$2.45 on the \$100. Maysville, as we are informed, pays \$2.23 for city purposes alone, besides the 42½¢ State tax and whatever may be levied for county purposes. Here the total tax for all purposes amounts to \$1.42½ on the \$100, being less by \$1.02½ than Carlisle and considerably more than that below the tax rate of Maysville.—Fleming-burg Times Democrat.

The editor of the Times-Democrat should be more particular in making such statements. He's away off. The taxes here for city purposes amount to only \$1.25 on the \$100 instead of \$2.25, as stated by the T.-D.

Brown County Labor Statistics.

The report of the Ohio Bureau of Labor Statistics shows that there are ninety establishments in Brown County employing 354 hands, who receive wages aggregating \$98,220 per annum. The capital invested in these establishments is estimated at \$358,500, and the value of materials used at \$455,300. The cigar establishments are twelve in number and employ 26 hands, the flour mills twelve in number and employ thirty-five hands, the lumber mills twenty in number and employ 125 hands, the printing offices seven in number and employ seventeen hands. Among those employed are thirty-five women.

Kentucky Tobacco Growers.

The tobacco growers in almost every section of Kentucky have in conventions resolved adversely to the tobacco warehouse combine and declared intention to establish independent warehouses for the sale of this great staple. It is next in order to see if these resolutions and intentions materialize. Until these independent warehouses assume practical shape, the combine will control the business. The result of this movement on the part of the tobacco growers in Kentucky will be looked for with interest, as evidence of the determination of a large, wealthy and intelligent element of the Commonwealth to practically demonstrate the earnestness of this new departure.—Frankfort Capital.

KENTUCKY RAILROADS.

A Handsome Increase in Mileage the Past Year—Valuation.

A special from Frankfort says the Railroad Commissioners have finished their annual assessment of all the railroads in the State for 1890, and made a report of their work to Major L. C. Norman, Auditor of Public Accounts, who will begin at once to make a collection of the State taxes due on each taxable railroad.

The list shows a total mileage of 2,803.34 miles, which, as compared with last year's mileage of 2,481.78 miles, is an increase for 1890 of 321.56 miles, or nearly ten miles more than a mile a day for each working day in the year.

The total valuation of all the railroads for 1890 is \$45,921,192, which is an increase over last year's valuation of \$5,051,297. By reason of the general exemption law from taxation for five years of all new railroads and special exemption laws for certain other roads, the total valuation of the taxable railroads is only \$34,737,401, or a difference of \$11,183,791 between the total valuation and total taxable valuation of the railroads in the State. In other words the exemption laws deprive the State, county and municipalities through which such roads may run of taxes for 1890 on \$11,183,791, which, for State purposes alone, at 42½ cents on each \$100 valuation, would yield \$47,531.12. While there is such a great difference between the total valuation of all the roads and total valuation of the taxable roads for 1890, the difference between the total valuation of the taxable roads for 1890 and that for 1889 is only \$634,521. This great difference is due to the small increase of taxable valuations and the large increase of new and non-taxable roads. In 1889 the roads were taxed for State purposes at 47½ cents on each \$100 valuation, \$161,988.98, and in 1890 at 42½ cents, only \$147,633.95, or a decrease of \$14,354.73.

The assessment of the Kentucky Central is as follows: Main line, 117.59 miles, \$2,475,955; North division, 49.34 miles, \$403,245; South division, 19.17 miles, \$331,915; Richmond branch, 33.44 miles, \$169,425, making a total of 219.54 miles, assessed at \$3,380,540.

The Maysville and Big Sandy, (Cincinnati division of the C. and O.) the new road down the river from the Big Sandy to Cincinnati, is the road having the largest exemption this year. Its length is 143.02 miles and the commissioners value it at \$3,098,885.

Blank deeds and mortgages—some terms used by County Clerk T. M. Dyer.

Penitentiary Statistics.

The warden of the Ohio Penitentiary, a Mr. Dyer, of Brown County, in his annual report says the expenditures for ordinary expenses for the year were \$248,232.99, of which amount \$133,315.37 was expended during the first six months and \$114,917.62 during the last. Total receipts during the year, \$248,378.12. The warden states that this is very flattering, when it is considered that when he assumed charge May 1 the institution was burdened with a debt of \$25,490.85, which has nearly been canceled. During the last six months of the past administration the prison lost \$25,490.85, while during the six months just ended the institution has earned \$24,636.98. During the year there were twenty-nine deaths in the prison—twenty-five from natural causes, two from suicide and two from judicial execution. The number of prisoners received during the year was 902 and the daily average number in the prison was 1,599.

River News.

A heavy fog this morning delayed most of the packets.

The Lizzie Bay will be lengthened 40 feet, making her 230 feet long.

The Boaz and Coal City are en route to New Orleans with nearly 1,000,000 bushels of "black diamonds."

Due down: Sherley and Hudson this evening and Bonanza to-night. Up: Telegraph for Pomeroy and Andes for Pittsburg, at midnight.

The little towboat Belle McGowan with 13 barges, 1 fuel boat and two flats, all loaded, made the run from Pittsburg to Louisville in four days and nineteen hours.

A peculiar case of drowning is reported from Wheeling, says the Portsmouth Blade. A man named Isaac Morris was rowing across the river, when he fainted and his head fell over the side of the boat, his head being under water. His feet caught under the seat so that he could not fall out and in this condition he was drowned. His age is given as twenty-three.

For the Farmer.

An exchange says never drive milk cows or fattening stock faster than a walk.

It is estimated that more than 6,000,000 packages of seeds will be distributed free this season by members of Congress.

Two steamers are now crossing the Atlantic with 600 choice Bourbon County cattle which will be used to furnish the Londoners their Christmas beef.

During the first ten months of this year Chicago received 10,974,356 head of live stock, an increase on the arrivals for the same time last year of 2,146,572.

The poultry business in France is something enormous. A recent return shows that there are no less than 45,000,000 hens in the country, or considerable more than one to every man, woman and child, and the total value drawn both from the eggs laid and the birds slaughtered, is over \$40,000,000 a year.

Here and There.

Miss Sallie Burgess is home from Glendale College, spending a few days with her parents.

Miss Anna Burrows left yesterday for Hot Springs to spend the winter with her uncle, R. G. Lynn.

Miss Bettie Berry and Miss Adda Lee, of Lewisburg, are the guests of Misses Daisy and Bettie Hubbard.

The Covington Commonwealth in giving an account of a reception by Miss Carpenter of that city, says: "Miss Means, of Maysville, a petite brunette beauty, was quite a belle among the belles. An egg-blue crepe de chene gown with a dash of color, with a jaunty hat, completed her stylish toilet."

Bonds for Sale.

Ten \$1,000 bonds of Maysville Water Company. Issued in 1888 and have eighteen years yet to run, but payable at option of the company after 1898. They bear interest at 6 per cent. per annum, payable semi-annually—May 1st and Nov. 1st. Refer to James Barbour, President of Bank of Maysville, for information. MAYSVILLE WATER COMPANY.

Entitled to the Best.

All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when constive or bilious. For sale in 50c. and \$1 bottles by leading druggists.

How It Grows.

Maysville will vote December 15 on a proposition to appropriate \$200,000 to be used in making donations to manufacturers locating there.—Louisville Times.

At a meeting of the stockholders of the Maple Turnpike Company the following officers were elected:

President—A. R. Glascock.
Secretary and Treasurer—Robt. L. Baldwin.
Directors—A. R. Glascock, Robt. L. Baldwin, Jo. Cochran, W. W. Baldwin, Arthur L. Glascock.

The contract was let to Timothy McAniff to build the road, which is to connect the Maysville and Lexington and Fall City pikes, near Colonel W. W.

FROM far-off Australia, Mr. W. W. McIlvain sends the BULLETIN a copy of "The Albany Banner and Wodonga Express," of the issue of October 1. The harvest season was about commenced over there, and the paper gives a lengthy account of a successful trial of one of Walter A. Wood's improved reapers, Mr. McIlvain, one of the assistant managers of the company, superintending the work.

In its news columns there is a telegram from London which says: "It has been agreed, at the conference of the two Houses of Congress on the United States Tariff Bill that the measure shall come into operation on Oct. 6th."

"The Standard declares that the McKinley tariff is the most drastic protective measure in the world, and that such little consideration has been given to the interests of the Southern States that there is danger of a fresh attempt being made by those States 'to secede from the Union.'"

This is news, even if it does come all the way from Australia.

OUR NEIGHBORS.

HELENA.

Corn is selling at 40 cents a bushel in the field in this neighborhood.

Hog killing is the order of the day. With plenty of spare-ribs, back-bones and sausages the farmers look saucy.

R. M. Harrison has removed to Bethel, where he will engage in the mercantile business. We wish him success.

James Ross and family, who removed from Maysville to Kansas about three years since, have returned. There is no place like home.

Quarterly meeting in this place Sunday last was held at the residence of Mr. J. A. R. R. delivered a sermon—Sunday morning and another Sunday night.

Dan Roe, our Constable, has resigned his office and gone to live with his father in the Orangeburg neighborhood. Dan is a jolly good fellow. We were sorry to see him go, but we wish him success.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria,

When she became Miss, she clung to Castoria,

When she had Children, she gave them Castoria.

AN ORDINANCE

An ordinance of the legal voters of the City of Maysville, Ky., to be taken on December 15, 1890, on the question of the said city twenty thousand dollars, to be used in making donations or gifts to manufacturers, in locating their plants here, thereby advancing the interests of the city, and to be its benefit generally.

WHEREAS, By an act of the General Assembly of the Commonwealth of Kentucky, incorporated January 31, 1883, the Board of Councilmen is authorized to adopt such laws and ordinances for the city's improvement as they shall from time to time deem expedient, and an amendment thereto, approved March 9, 1884, the said Board of Councilmen shall have no power to create any additional or increased debt, in the name or on behalf of said city; nor shall they issue any bonds, notes, scrip or other evidence of such debt, in the name or on behalf of said city; and in all cases where this prohibition is violated, each member of said Board and authorized officers of the city in holding up for the creation of such debt, or the issue of such evidence of indebtedness, shall be held individually liable for the payment thereof. Provided: That said Board of Councilmen may create a debt or debts not exceeding twenty thousand dollars, in the aggregate, where the same has been previously authorized by a vote of the majority of the voters of said city voting upon a proposition submitted by the Council, and provided said Council, when said debt is created, shall provide the means by taxation for the payment of the interest thereon annually, and for the extinguishment of the principal in fifteen years.

AND WHEREAS, James H. Hall, Thomas A. Davis and W. W. Ball, a committee from the Commercial Club of Maysville Ky., a corporation organized for the purpose of promoting the general welfare of the city of Maysville, came before the City Council praying the submission of a vote to the legal voters of said city on the question as to whether the Board of Councilmen and authorized officers of the city in holding up for the creation of a debt of twenty thousand dollars to be used in making donations or gifts to manufacturers in locating their plants here in the city of Maysville, thereby advancing the interests of the city in building up their population and adding to her taxable wealth.

And the matter having been submitted, discussed and considered by the Board of Councilmen of the city of Maysville, composed of the majority of a majority of the Councilmen, it is ordered that the question as to whether the said sum of twenty thousand dollars shall be donated and given for said purposes shall be submitted to a vote of the legal voters of the city of Maysville, upon the following terms and conditions, that an election be held in the several wards of the city of Maysville on the 15th day of December, 1890, to be held in the city of Maysville, and given the said sum of twenty thousand dollars, to be used as hereinbefore named, and the said sum be paid by issuing and selling bonds of the city at par in sums of five hundred dollars, and to bear interest at the rate of six per cent. per annum, payable annually, from the date of said bonds, as they may be issued from time to time, and that said bonds are to be due and payable fifteen years after their date. Said bonds to be signed by the President of the Board of Councilmen and attested by the Clerk of the city, under the seal thereof, and the fifteen coupons attached for the interest on each shall be signed by said Clerk, and said bonds and coupons for the interest upon each shall be made payable to J. F. Barbour or bearer, at the Bank of Maysville, in the city of Maysville, Ky. And it is further ordered that the President, Ways and Means Committee of the city of Maysville, E. A. Robinson, Robert Ficklin, C. B. Pearce, Jr., M. C. Russell, J. I. Salisbury, J. C. Peor, L. C. Blatterman and W. S. Frank are hereby appointed a committee to have the said bonds and coupons for which they may sell, hereby authorizing them, or others that might hereafter be appointed in their stead, to donate and give same to such manufacturers as may be induced to move or locate their plants here, that would be of great benefit to our city, or redound most to its interest; and at such time that said committee shall report to the Board of Councilmen that such a bond may be made with any particular manufacturing enterprise to locate here, and the sum required to be donated to induce it to move here, and that they, the committee, Clerk and investigators, recommend the donation, then if the Board of Councilmen ratify and accept the proposition as made, then the said Board of Councilmen shall have issued bonds to pay the donation in the manner as hereinbefore named, and each donation or gift to manufacturers shall be so ratified by the Board of Councilmen, before the bonds are to be issued in payment of the same, and in all cases the bonds are not to be issued and sold until the parties or company starting the manufacturing have begun operation, and these donations can be made from time to time until the whole of said twenty thousand dollars is expended.

Adopted in Council November 25, 1890, and it was thereupon ordered that an election be held on Monday, December 15, 1890, in the five wards of this city at the regular voting places, with the following appointments:

First ward—C. Rudy, Jos. Lowry, and Jno. Thompson.

Second ward—Jas. Redmond, Jr., Louis Stockton, J. H. Smith, Jr.

Third ward—Thomas Cummings, R. G. Willett, C. L. Salje.

Fourth ward—John Short, Jr., Sam'l Oregbaum, Wm. Lally.

Fifth ward—W. A. Tolle, Wm. Conrad, Wm. Haney.

WILLIAM H. COX, President.

FIRST ONLY!

FIRST IN LOW PRICES.

FIRST IN QUALITIES.

FIRST IN THE INTERESTS OF THE PEOPLE.

We are the first in low prices because we have the advantage of getting quantity discounts, in addition to cash discounts, and give our customers the benefit of these.

We are first in qualities because we have the whole field of manufacturers to select from; we cull from the very best of these, and the world cannot surpass them. This makes us first hands to the people—we are no "middle man"—our customers get from us the benefits of the profits of the "middle man." We do not buy of jobbers. We know no middle condition. The "middle man" is a relic of the moss-covered past.

We are first in the interests of the people because our system, from which we never vary, of necessity works to their interest. Our unalterable rule is cash and one price. We treat all alike in respect to prices. We charge Mr. Smith, who has no Bank account, just the same for a pair of shoes that we charge Mr. Jones, the coupon clipper, for a similar pair. We do not burden the people with debts. We have no credit customers of the "good" class to saddle with percentage for delinquencies, making them carry our bad debts.

We have no shelf-worn goods, no "crabs" or "trash."

Our goods are new; we do not permit them to get old—our prices force them to go.

The cheapest, the newest, the best.

Come and see us; we will save you money.

REV. THOMAS HANFORD, pastor of the Third street M. E. Church, received a number of handsome presents yesterday from the members of his congregation.

LOST ON THE DEAL.

Well Known Tobacco Dealers in the Whole for Nearly \$5,000.

In the United States Circuit Court of Southern District of Ohio, a few days ago the case of Farmers Tobacco Warehouse Company, of Louisville, versus Robert H. Ellison & Co., was tried, the jury promptly rendering a verdict in favor of the plaintiff for \$4,867.19. The amount sued for was \$4,976.14, with interest at 6 per cent. for a year.

The Western Journal of Cincinnati says the case grew out of a speculation in dark tobacco by Robert H. Ellison, Jos. Powers, one of the Kirkpatrick boys, and another gentleman, all of Brown County district, except Mr. Powers. These gentlemen conceived the idea in 1887 that money could be made in buying dark tobacco and holding it for a rise, which they thought sure to come in view of the low prices prevailing. And in the latter part of that year they placed an order in the hands of Mr. Lewis, a well known Louisville tobacco broker, to buy for them, and he bought 463 hhds in Louisville, almost wholly common lugs and low leaf.

In buying the Louisville tobacco the four speculators got advances from the Farmers Warehouse, and turned over the warehouse receipts as collateral. The load got too heavy for the firm to carry, and they began selling them off, making on some but losing on others and when the whole lot was closed out the four gentlemen were indebted to the Farmers Warehouse for something over \$4,900, which eventually they gave a note for, to run for a year at six per cent interest—from January 1, 1889, to January 1, 1890. When the note became due they failed to meet it, and the case just decided was brought to enforce payment.

Most of the gentlemen named are well known in this city and county.

GEORGE ALLISON's barn near Paris burned yesterday morning, together with 100 barrels of corn, farming implements, etc. Loss, \$2,500; no insurance.

JUDGE HARBESON didn't get much of a raise in his salary when he appealed to the Fleming Circuit Court. The jury gave him \$25 more than the Court of Claims allowed him, making the salary amount to \$525.

CAPTAIN W. L. Marshall, of the U. S. Engineer Corps, stationed at Chicago, arrived yesterday evening on a flying visit to relatives near Washington. He leaves to-day for his home.

THE Flemingsburg Times-Democrat says: "One Mr. Brown and his partner, claiming to be hatters and dyers, bilked S. J. Fitch's boarding house out of about \$4 worth of board last week and then lit out. Pass them around."

A LARGE crowd was at the Central Presbyterian Church last night to hear the solemn and impressive sermon by Rev. I. S. McElroy. The services were very interesting. There were two additions: Preaching by Rev. Mr. McElroy this afternoon at 3:30 and also this evening at 7 o'clock.

THE meeting at the Christian Church of Carlisle continues with a large attendance. Up to Wednesday night there had been 29 additions. The Mercury says: Elder Lucas, the minister assisting, is a man of power and ability, and his meeting will be long remembered by the church."

A LARGE crowd attended the union Thanksgiving services at the Third Street M. E. Church yesterday. Rev. I. S. McElroy, of Lexington, who is assisting Rev. B. W. Mebane in a meeting at the Central Presbyterian Church, delivered the sermon, which is pronounced one of the ablest discourses heard here for many a day.

THE Millersburg correspondent of the Bourbon News is thus reminded of her college loss: "The Purnell House and livery stable sold at Master Commissioner's sale Friday to Thos. Beeding, for the ridiculously low price of \$2,015 for the two. Ten years ago this property would have sold for \$5,000. This is one of the results of having our college stolen. There are now fifteen vacant residences in town."

HENRY ERNST, of Bracken County, was run over and killed by a C. & O. local freight train one evening this week. He had been in Augusta and in the middle of the afternoon started toward his home in the lower portion of the county. He was under the influence of liquor, and it is supposed that he laid down on the track and went to sleep. His body was horribly mangled, being cut entirely in two and his intestines and huge pieces of flesh were scattered along the track for

STANTON VERSUS THE CITY.

Opinion of the Court of Appeals.
Liability for Failure to Repair Streets

The case of Stanton versus the City of Maysville, taken up from the Mason Circuit Court, has been decided by the Court of Appeals. The higher court reverses on the original appeal and affirms on the cross appeal. In its opinion, the Appellate Court says:

First—A city is not liable for injury to abutting property resulting from its failure to repair a way of which it has never assumed control, and which it has never recognized or improved as a street.

Where a part of an old country road bordering on a river was washed into the river at the time it was taken into the limits of the city, the city was under no obligation to improve it as a street, and never having thus improved it, or in any way recognized it as a street, the city is not liable for injuries to abutting property resulting from the failure to keep the road in repair.

Second—In an action by a lot owner against the city to recover for injuries to his property resulting from the improper construction of a drain by the city, the plaintiff can recover compensation only, there being nothing wrongful in the defendant's act; and the measure of damages is the diminution in value of the property by reason of defendant's wrongful act. It was therefore error to instruct the jury in such an action that "The measure of damages is the diminished value of the property, the annoyance and trouble to which plaintiff has been put, and the cost of any repairs which he has made and which were made reasonably necessary by the injury, if any, to plaintiff's property caused by the neglect of the defendant."

Cochran & Son, Edward W. Hines for the city; Allan D. Cole and Thomas R. Phister for Judge Stanton.

Killed at Paris.

Last night at Paris, John Lake, known as the steple climber, was run over by a K. C. yard engine and killed. He leaves a wife and three children.

THE Fleming County grand jurors say that "the increase in false swearing is frightful. Men and boys seem to have made up their minds to perjure themselves rather than give testimony against those who have violated the law."

REGULAR stated meeting of Limestone Lodge No. 36, K. of P., this evening at 7 o'clock. Work in the second rank, election of officers and other business of importance. All members requested to be present. T. M. PEARCE, C. C.

JOHN L. CHAMBERLAIN,
K. of R. & S. pro. tem.

THE Felicity Times says: "Farmers who are inclined to ship their tobacco and sell it on the terribly depressed market, now prevailing, are kindly advised to the contrary by local dealers. A shipment of six hogsheds was recently made from this vicinity. The tenant drew \$225 against it from the warehouse on his portion. This week it was sold and netted a total sum of \$204. The owner of the land lost her entire interest in the crop, and was compelled to pay the warehousemen \$21 to square the deal."

LOSSES BY FIRE.

Mansfield, O., Suffers a Pretty Heavy Loss.

BAXTER STOVE WORKS BURNED.

Several Thousand Gasoline and Base Burner Stoves Destroyed—A New Orleans Steamboat Burned and Five People Perish—Other Fire Losses.

MANSFIELD, O., Nov. 28.—Yesterday evening shortly after 7 o'clock a fire broke out in the mounting room and the third floor of the ware house of the Baxter stove works and completely gutted that structure. Several thousand gasoline stoves and base-burners and a quantity of patterns were destroyed. The loss is estimated at \$20,000, fully insured.

It was only through the heroic work of the fire department that the whole works were not destroyed, which would have caused a loss of over \$150,000. The firm employs 500 men. William Bell, a fireman, was probably fatally injured by falling from the roof of the building.

Steamboat Burned.

NEW ORLEANS, Nov. 28.—The steamboat T. P. Leathers, bound from Lake Port, Miss., for New Orleans, was destroyed by fire at her dock near Fort Adams. The boat and cargo are a total loss. The chambermaid and four roustabouts, all colored, were lost. The T. P. Leathers was a stern wheel boat, built in 1885, valued at \$30,000, and insured for \$20,000. She had a cargo of 2,800 bales of cotton and other freight. The cotton was insured.

At Rayville, La.

NEW ORLEANS, Nov. 28.—Fire started in the warehouse of Charles Tiche, at Rayville, La., yesterday, and burned nearly all of the main business block of the town north of the Vicksburg, Shreveport and Pacific railroad. The loss is estimated at \$45,000; insurance \$30,000.

Carriage Works Destroyed.

UTICA, N. Y., Nov. 28.—The carriage works of George M. Brown & Company, together with several dwellings in the village of Clayville, were totally destroyed by fire yesterday afternoon, loss \$20,000; partly covered by insurance.

Cistern Factory Burned.

NEW IBERIA, La., Nov. 28.—Fire last night destroyed Callahan & Lewis' cistern factory and the residences of J. W. Callahan and G. Leblanc. Loss, \$30,000; insurance, \$10,000.

Planing Mill Burned.

HUNTINGTON, Pa., Nov. 28.—Fire destroyed the entire plant of the Cottage planing mill, here, together with 50,000 feet of lumber and 1,000 finished doors. Loss \$40,000; insurance \$12,000.

CELEBRATION SUDDENLY STOPPED.

Several People Injured by the Breaking Down of a Tally Ho.

INDIANAPOLIS, Nov. 28.—The foot ball game yesterday afternoon between the Butler eleven and the Purdue university team for the state championship, was won by the Butler team. They celebrated their victory last night by driving through the city in tally ho coaches containing thirty persons. While crossing the street railroad tracks the king bolt of the vehicle broke, precipitating the occupants to the ground, fatally injuring one and seriously injuring a number of others.

The following is a list of the injured: George Linkenfelter, injured internally, will probably die.

Robert Hall, shoulder crushed and hurt internally.

E. W. Bray, badly bruised and injured internally.

Theodore Layman, both legs broken and injured internally.

George Dean, back injured.

W. Newcomb, badly cut about the head.

Accidental Shooting.

NEWTON, Mass., Nov. 28.—Albert C. Croth, aged 18, son of William C. Croth, of Thompsonville, was accidentally shot yesterday afternoon in company with Jeremiah Hooley, a lad of 14. They came to a pond and Croth broke the ice and stooped down for a drink, when the gun, which was held by Hooley, was discharged, the shot entering the youth's bowels. He was taken to the Newton cottage hospital. Hooley was until within a month an inmate of the Westboro reform school. He says he pointed the gun at Croth, did not know it was loaded, and pulled the trigger accidentally. Croth is not expected to live twenty-four hours. Hooley has been arrested.

A Timely Discovery.

WILKESBARRE, Pa., Nov. 28.—Two Hungarians, Mike Hordurike and Dennis Chesna, have been arrested for attempting to wreck a train on the Delaware, Lackawanna and Western railroad, near Plymouth. The Hungarians were seen trying to fasten two coupling pins to the main track, by the engineer and firemen of a coal train, who took them to the lockup. A fast mail train was nearly due, and an awful calamity probably averted by the timely discovery of the obstructions on the track. The men were held in \$10,000 bail for trial.

Deputy Sheriff Shot.

SHOALS, Ind., Nov. 28.—John Price, a tramp, who had been working here as a plasterer for several months, stole a revolver while drunk. Wednesday evening, from the saloon of C. M. Cooper and threatened to do the town. The sheriff, with a posse, went to arrest Price and surrounded a house he was in. Price made a break for liberty, and, when ordered by Deputy Sheriff Harrison to halt, Price drew a revolver, fatally shot the deputy sheriff and made his escape. The sheriff and posse are still after him.

LOUISVILLE, Nov. 28.—On crowded Fourth street last evening Miss Ellen Powell, a young school teacher, was set upon and robbed by a negro. She was beaten insensibly and may die.

WASHINGTON DISPATCHES.

Some Interesting Items Gathered at the National Capital.

WASHINGTON, Nov. 28.—Speaker Reed was at the Capitol for a short time Wednesday. He dropped in on the members of the appropriations committee who were working on the pension appropriation, and asked some questions, incidentally, of Chairman Cannon about the order for the disposal of the severe appropriation bills.

Mr. McMillin, of Tennessee, who is a candidate for the speakership of the next house, arrived in the city Wednesday morning and was at the Capitol for a short time. He told a United Press reporter that he thought the Republicans would not modify the McKinley tariff law in any degree. "The same motives and influences that actuated them in passing the tariff bill are alive and at work," said Mr. McMillin. "The sentiment among the Republicans in favor of the law is too strong to be overcome." Mr. McMillin said that he had not made any preparations for beginning his fight for the speakership.

Postmaster of the House.

WASHINGTON, Nov. 28.—Three candidates for the vacant office of postmaster of the house have appeared in the field. It will be remembered that on the last day of the first session of the present congress the house removed its postmaster, Capt. Wheat, of Wisconsin. A resolution was introduced giving the office to another Wisconsin man, but this was withdrawn and the house adjourned, leaving the office vacant. The candidates for the office are Samuel Hosmer, of Massachusetts; J. A. Ralph, of Illinois, and Charles H. Gray. Mr. Hosmer is the assistant postmaster of the house, and his backer is Congressman Greenhalge. Mr. Ralph is endorsed by Congressman Hill. Mr. Gray is a well known Washington newspaper man, and he has many friends among the members of the house. A Republican caucus will be held next week to select the postmaster.

The Democrats Will Caucus.

WASHINGTON, Nov. 28.—It is understood that arrangements have been made for a Democratic caucus, probably a joint caucus, as soon as the Democrats here. It will be held probably on Monday or Tuesday night. The purpose is to consider the program of the minority for the session. They will doubtless decide to hold out as long as possible against the Federal election bill and the apportionment bill, if one of a partisan character is proposed.

Assistant Postmaster Dismissed.

WASHINGTON, Nov. 28.—By direction of Postmaster General Wanamaker, Chief Postoffice Inspector Rathbone, has directed the postmaster of Austin, Tex., by telegraph to dismiss immediately H. B. Kinney, the assistant postmaster at that place. Kinney destroyed certain evidence in his possession after it had been demanded of him by a postoffice inspector who wanted to use it in prosecuting a case arising under the anti-lottery law.

The Next Message.

WASHINGTON, Nov. 28.—The Star says: It is said, on what appears to be good authority, that the president's vigorous message will be confined to an appeal to the Republicans to stand by their guns on the tariff, to pass an apportionment and a Federal election bill, to promote our trade with the southern nations by the passage of the steamship subsidy bills, and to avoid further silver legislation during this congress.

WHAT THE SILVER MEN INTEND.
They Will Make Another Effort to Secure Free Coinage at the Coming Session.

WASHINGTON, Nov. 28.—The silver question promises to be a prominent one at the coming short session of congress if the leading silver men can make it so. They propose to press for legislation at once, and their plans are elaborate enough to cover a first, second and third possibility.

Their first demand will be for free coinage without limit or hindrance excepting the supply of metal.

The alternative is a compromise on free coinage limited to the home of production until France and Germany buy American silver, and the third and last request will be for the coinage of about \$20,000,000 to make up for the contraction caused by the retirement of National bank notes during the past year. This program is certain to fail in respect to the first demand. No matter what congress may do the president has never hesitated to express his opposition to free coinage that will not be protected by an international agreement to insure the United States against the loss of its gold by the substitution of unlimited silver.

As to the second and third propositions it is safe to say that the silver question, if tried at all during the coming session, will be made an issue between free coinage and no more silver legislation, with all the indications pointing to a postponement of advanced action until the next congress, when free coinage sentiment will have a more powerful expression.

In the meantime the silver men have the continued purchase of 4,500,000 ounces a month to console them.

Sent on a Cowcatcher.

LEWISTON, Me., Nov. 28.—A carriage, containing Charles Lisherness, his wife and child, was struck by the night train from Bath, near Crowleys, yesterday evening. The engine scooped the seat from the carriage, and when the train was stopped the three were found sitting on the seat of the carriage, resting on the cowcatcher. Mr. Lisherness struck the boiler head and was badly injured, but the others were uninjured.

Prospects of a Prize Fight.

CORNWALL, Ont., Nov. 28.—Jaci Fitzpatrick, champion lightweight pugilist of Canada, has written Patsy Shepard, of Boston, accepting his challenge to fight George Dixon and will start for Boston as soon as the match is made.

Children Killed By Cars.

GLENS FALLS, N. Y., Nov. 28.—Frank Oatman and Cliff Bentley, 9 and 11 years old, respectively, were struck and killed by a train on the Delaware and Hudson branch railroad near Sandy Hill yesterday afternoon.

New Dress Goods JUST ARRIVED.

We respectfully call the attention of our friends and patrons to the fact that, having had a great run on these goods, we now offer a second arrival of some of them, and others which are leaders and most fashionable this season.
